1. Přečti si článek a rozhodni, zda jsou tvrzení uvedená pod textem pravdivá (T - true) či nepravdivá (F - false):

Frederick loves vampires. He has a lot of videos, books and cassettes about them. He also has black shoes, a black coat and a black T-shirt. One day he saw a poster on his way to school. It was an invitation to a vampire fancy - dress party. He asked his parents and the next day he went there. He put on his vampire costume, put in white teeth and put on some red lipstick.

It was a fantastic party. Frederick danced with a girl called Camilla. He gave her a red rose and she kissed him. Suddenly Frederick felt dizzy and fell asleep. When he woke up his father was already waiting outside. He got into the car and drove home. At home he went to the bathroom. When he looked into the mirror he saw that two of his teeth were longer than the others and on his neck were two holes. Before he sank to the floor he saw a bat at the window.
